

CAMPEY™

Lanscaper

The CAMPEY™ Lanscaper is designed to construct a well graded, tilled and pulverized seed bed which is the first step to a healthy durable sward. Available in 3 different widths the Lanscaper has the flexibility to carry out a number of different functions to suit the size of tractor available and the area of land to be prepared. The base unit will accept a Ripper Bar to break into a compacted surface, a levelling harrow and a Crumber Roller to pulverize the soil & lightly restore the surface. An optional seed hopper attachment can also be fitted to complete a one-pass operation.

Specification

| Model | 1.2 | 1.5 | 1.8 |
|---------------------------------|-------|---------|---------|
| Working width | 1.20m | 1.50m | 1.80m |
| Wt c/w harrow & crumber | 238kg | 300kg | 352kg |
| Wt c/w harrow, crumber & ripper | N/A | 330kg | 435kg |
